

# TRANSITION

ORB ► BLK ITEM NUMBERS

OIL-RUBBED BRONZE

BLACK

TAG Hardware's new Black (BLK) finish will be replacing Oil-Rubbed Bronze (ORB) in a phased discontinuation starting April 2022.

For all TAG Hardware zinc-fabricated products, such as handles and cleat hooks, this transition is in name and item number only, as these zinc ORB products are already black in color. This change only really affects TAG Hardware aluminum-fabricated products, like the Elite Closet Pole, Shoe Fence, and Engage pull-outs.

You can still purchase ORB products after this date; however, availability cannot be guaranteed. The following pages provide TAG and Häfele item numbers for all ORB and some BLK finishes. Use the TAG Hardware *Designer Inspiration Book* for a complete listing of all new Black (BLK) item numbers.

ORB ► BLK

# TRANSITIONAL ORDER INFORMATION

Use this document to order Oil-Rubbed Bronze (ORB) products during this phased discontinuation. Please note that while this document highlights the ORB to BLK transition, it does not contain all BLK products, such as Symphony which now comes in Black. For all Black (BLK) products, please reference the new TAG Hardware *Designer Inspiration Book* at TAGHARDWARE.COM/BLACK.
